Welcome to our world.

The last month of Winter is here (Yay) and yet we've only had a few frosts so far early on. Everyone is saying where has Winter gone cause it really hasn't happened yet. Wanganui has been getting 17 degrees on a regular basis which is quite amazing. Mother nature may surprise us yet but the cold has really yet to come.

Over the next few months we will be gearing up for spring calves, lambing and pasture renovations and spray outs. We have all the stock you need to get you through. Come on in and talk to us about it and let us know in advance, if possible, how much you need so we have it for you're ready to go.

Check out the items we have on special this month. There is something for everyone. The liquid sugar syrup is proving very popular with our BEE

fraternity and we are due to order in our second lot of syrup to keep up with demand.

The national Tux promotion has been a huge success again this year with the 4x4 Isuzu D Max ute up for grabs. When we find out who won it I will let you know in the following newsletter. The newly released Tux Xtra Kibble 20kg has also been popular with it's easy feed kibble and higher protein and fat content. Give it a try!

Have a great August and watch the grass grow.

Cheers from Scott, Dean, Angela and Debbie

Need a Leg Up?

We now have a new range of performance oils and meal in stock. Great product and great price.

Leg Up Performance Oil combines premium New Zealand grown cold pressed rapeseed oil and NZ Hoki Oil to assist horses to look and perform at their best.

Leg Up Performance Oil provides horses with the essential long chain omegas EPA & DHA. These omegas improve oxygen delivery to the muscles which increases the time a horse can maintain peak intensity in the final stages of their event. This Omega 3 rich equine oil also provides the horse with anti-inflammatory responses which reduces joint and muscle damage including arthritis and tie up.

Liquid Sugar 67 Brix

Available in Wanganui

We now have our own 25,000 litre tank so we can dispense Liquid Sugar Syrup directly to your tank. Save time and money.

Flashmate Heat Detectors

Maximise your herds mating performance.

FlashMate is a touch activated in-heat alert product that when applied, monitors animal riding activity and works out when a cow is in standing heat. If you want to know more call Scott and we can arrange a meeting with Mark from Gallagher.

Oh you make me laugh you do...

Forty-two percent of statistics are made up.

I live in constant fear that my kid will become a famous artist or painter and I will have thrown out about a trillion dollars of her work.

I have all the money I'll ever need—if I die by 4:00 p.m. today.

Police have arrested the world tongue-twister champion. I imagine he'll be given a tough sentence.

A dog has an owner. A cat has a staff.

Why do I drink so much coffee? It helps me do stupid

things faster and with more energy.

If everything seems to be coming your way, you're probably in the wrong lane.

I quit my job at the helium gas factory. I refused to be talked to in that tone of voice!

My girlfriend said, "You act like a detective too much. I want to split up." "Good idea," I replied. "We can cover more ground that way."

The boss told me to have a good day. So I went home.

I'm here for whatever you need me to do from the couch.

What does a mathematician say when something goes wrong? Figures!

My new girlfriend works at the zoo. I think she's a keeper.

The first five days after the weekend are the hardest

Thanks to self-driving cars, it's only a matter of time before there's a country song where a guy's truck leaves him too.

The inventor of the throat lozenge has died. There will be no coffin at his funeral.

A genie asked, "What's your first wish?"

Steve answered, "I wish I was rich."

The genie nodded and then said, "What's your second wish, Rich?"

Middle age is when work is a lot less fun and fun a lot more work.

Nothing ruins a Friday more than suddenly realizing it's actually Tuesday.

When an employment application asks who is to be notified in case of emergency, I always write, "A very good doctor."

Calf and Lamb Rearing

Calf rearing is just around the corner so pop in early and get yourself sorted. We can get everything you need from CMR milk powders, calf meal and pellets, teats, cafeterias, disinfectants, bottles, Jump start colostrum and everything else.

Our price of the CMR's have stabilised, down slightly from last year, with the supply line intact and solid. Now would be a great time to rear a few extra calves if you have been considering this option.
